STATOTHR

2. This report is approved as to legal sufficiency. In view of the fact that [redacted] has signed a release, it is expected there will be no claim from [redacted] the owner of the car. The release in the file would be a complete defense to any such claim. It is possible [redacted] could present a claim for personal injuries, but under the circumstances, it is believed that such a claim will not be made and if made could be administratively disposed of on the basis of the attached report.
